2. The quality of the available accommodation:

The first buildings (A, H and B) were built between 1962 and 1963, building C in 1964, and buildings D and E from 1966 to 1967, and finally building F and the covered parking area G in 1994. In 2001, a partial renovation made it possible to create about twenty additional studios in buildings A to E and H, as well as the renovation of the showers and toilets in buildings A to D.

As a result, the quality of the housing in the residence varies greatly. Since June 2002, we have been renovating the interior of the rooms in worst condition, the oldest ones in particular. In 2010, half of the 405 oldest rooms were renovated.

This work will continue until the essential upgrades of all the rooms and studios have been completed.

It is possible that your assigned accommodation may not meet your expectations. But keep in mind that the major appeal of the residence remains - the spirit of camaraderie and the contacts you will make, starting with the engineering students from the various schools in their the 1st, 2nd, and 3rd years. We also welcome students from all over the world who come to learn French, which can help you make contacts and beneficial connections.

Don't forget to bring your sheets, blankets, and duvets! It costs ten Euros (€10) to rent sheets and a blanket can be rented for five Euros (€5) (which covers the cleaning fee after your departure). The mattress protector provided by the residence is mandatory. There is a €10 charge for the mattress protector, which will be charged to you upon your arrival at the residence.

There will be a binder for recording any issues or problems in your accommodation or any common area in the reception area. Once added, these requests are then processed by the maintenance staff.

3. For the 2020 School Year:

Complete applications are recorded in order of arrival and accepted until the available places are all taken.

Applications received after this period are placed on a waiting list with the following order of priority:

- preparatory classes and 1st-year students of Grenoble INP, then 2nd-year students of Grenoble INP with priority given to students holding a scholarship granted by the French government;
- 1st-year students of Polytech Grenoble;
- students from other Grenoble education and training institutions (only a few rooms).

Some students may cancel their registration after:

- they are accepted into another school that suits them better;
- they are not accepted at a school in Grenoble.

In the case of a conflict in the choice of the same category of room, priority will be given to those who commit to stay until June.

To encourage students to contact us as soon as they know they need to cancel the allocation of their housing, the residence charges from the first of September on, until the day the housing allocation is cancelled by mail, fax, or e-mail. In fact, there are engineering students still without a room up to the day before classes start who are on the waiting list

hoping for a cancellation.

If you are on the waiting list, it is important to provide several phone numbers and e-mail addresses so that we may inform you immediately of any availability. If we are unable to reach you during the 3 days before the start of the school year, we will contact the next student on the waiting list.

4. Cycling:

Grenoble is a very flat city built in a valley. It has several cycling paths. Of course, getting outside of Grenoble takes a lot of willpower and muscles. We have locked bicycle garages with a limited number of spaces. Ask for your key upon your arrival for a €15 fee.

Upon your arrival, you will be given a key ring on which you will put your accommodation number, to be put on your bicycle (Métro Vélo bicycles included). This will allow us to identify the owner of a bicycle if there are any issues. Important: you must put this on your bicycle even if you do not take out keys for the bicycle garage. At the end of the year, all unmarked bicycles will be disposed of.

Things to know: The Métro of the Grenoble area leases bicycles on campus or at the Alsace-Lorraine stop in Grenoble. The association "Un p'tit vélo dans la tête" is also located on the University grounds.

During the first week of the school year, the Métro will give a presentation at the residence: www.lametro.fr

5. Parking:

The residence has parking. So far, the amount of parking spaces has proved to be sufficient. On your arrival, request your remote control to open the access gate to the residence for a thirty-five Euro (€35) deposit + a photocopy of the vehicle's registration document. Please provide the plate registration number to the reception desk and notify us in the case of any changes of vehicle. This is very useful for if your vehicle needs to be moved, or is damaged by another vehicle, etc.

6. Bus and Tram:

To reach the University grounds: Tram D (**E. Vaillant** station) or line C5 (bus) to the **Biologie** Terminal.

To return from the University grounds: tram D (**E. Vaillant** station) or line C5 until the stop **Bon Pasteur** (rue Marius Blanchet), 3 minutes away by foot.

To go downtown: line 12 to the **Pl. de Verdun** stop then tram A to the **Dubedout** stop. To return: line 12, get off at **Bon Pasteur / Houille Blanche**, Av. Jules Vallès.

Transport cards and tickets are sold at the Métro **15 bd Joseph Vallier – Grenoble** or **51 av. Alsace Lorraine** (reduced rates upon presentation of a Student ID Card) or on the bus or at the terminals located at the tram stops.

The Mobile station can provide you with information about all your travels in Grenoble and the surrounding area (online at: www.stationmobile.fr) - 15 Boulevard Joseph Vallier - 38000 Grenoble

The card is identical for both the bus and the tram with possibility of correspondence between the two. Line C5, which passes near our residence, **and tram B allow you to reach the Gières University SNCF train station.**

For those arriving by the Grenoble SNCF train station, take tram A in front of the train station to **Place de Verdun**, and then line 12 to the "**Bon Pasteur**" stop.

The tramway Line D passes near the residence (**Edouard Vaillant stop**). Lines B, C, D serve the university grounds. Line B serves Minatec. The lines are interconnected.

7. 'ALS' (Social Housing Allowance):

Our residence is not subject to any payment agreements, but you may obtain an ALS (Social Housing Allowance).

After the start of the school year you can go to www.caf.fr to file your application online, making sure to specify that it is an application for 'ALS'.

8. A France Telecom line in your accommodation: within 10 days

Every room is equipped with a France Telecom line.

If you want your telephone connected, go to any France Telecom office (orange). The SFR modem installed in your accommodation also gives you access to a dedicated landline.

9. Nearby shopping areas:

The details given below are not exhaustive. They are simply to help you solve any problems after you arrive. Grenoble has 4 large commercial and artisanal areas in its periphery: Grand' Place to the south (line C5 Malherbe stop then tram A to the **Terminus** stop), La Tronche, Meylan and St. Egrève - Tram E and Comboire - Bus No. 11. There are also several shops and businesses near the university grounds.

Rue Marius Blanchet a few minutes away by foot: pharmacy, butcher shop, bakery.

Near the south side of Saint-Martin-d'Hères: 15 minutes away by foot: Peugeot and Renault dealerships, BP station, Leclerc centre, McDonald's.

The Abbaye market 10 minutes away by foot with several shops to visit. At the end of Rue Marius Blanchet (corner of Avenue Jeanne d'Arc and Rue Elie Cartan). Every morning except on Mondays. The market is more active on Sundays.

10. The "La Poste" post office:

The main post office of Saint-Martin-d'Hères is only 15 minutes away by foot. Take Avenue Potié and then Avenue 18 Mai 1945.

The post office of St. Martin'Hères **Place de la République** is located approximately between the residence and the University grounds.

IMPORTANT:

You must submit a certificate for "assurance multi-risques habitation" (multi-risk residential insurance) cover within eight (8) days of your arrival. This insurance should include "responsabilité civile" (civil liability) cover as well. You can request more information at the reception area of the Residence.

If you fail to submit this certificate, this may be considered a breach of the Agreement and your reservation may be cancelled. You will then be required to leave your accommodation (see Article 9 of the Housing Agreement).

Introduction

The Association "Residence Houille Blanche de Grenoble INP" was founded in 1962 with the financial assistance of the alumni of the National Polytechnic Institute of Grenoble, (hereinafter referred to as "Grenoble INP"), several Grenoble industrialists, and Caisse d'Epargne.

As a 'logement en foyer' (independent living facility), its main mission is to provide priority accommodation to Grenoble INP engineering students, as well as other students or interns/trainees within the limits of the spots available within the residence.

Article 1 - Nature of the Agreement

In order to receive housing, the resident must be a member of the Association "Residence Houille Blanche de Grenoble INP" as a resident member (Article 2.5 of the Statutes). This quality of member terminates as soon as the Resident no longer resides in the residence. The Resident is represented at the General Assembly and before the Board of Directors of

the "Residence Blanche de Grenoble INP" by the President of the Residents' Association to which the Resident belongs.

Housing consists of the provision of temporary accommodation to the Resident. This does not entail the rental of a furnished room, but rather a sui generis housing agreement concluded intuitu personae which consists, for the benefit of the Resident, of the provision of an accommodation as well as access to common services (kitchenettes, laundry services, WC, showers, pool, barbecue area, gym, TV, video area, piano room, music area, ping-pong room, a relaxation area with terrace, media library, and free Internet access.

Article 2 – Housing Application Procedure

2.1. Processing fees for housing applications

All housing applications by the Resident shall be subject to a processing fee.

The fee for processing the housing applications is a total of €160, which breaks down as follows:

- €60 in processing fees, of which €10 for association membership fees for "Residence Houille blanche de Grenoble"
- €100 in case of cancellation of an application for accommodation awarded prior to 31 August 2020.

The processing fees for housing applications shall be cashed immediately after the filing thereof and shall not be refunded in the event that the Resident withdraws his/her application or if the Residence is unable to provide such housing due to a lack of available places.

2.2. Security deposits

If the Resident applies for housing, a security deposit check, depending on the type of accommodation requested, shall also be required. The security deposit will be cashed immediately upon the resident's move-in date. The Resident must pay for the whole month regardless of his/her arrival date.

In case of voluntary departure by the resident and as long as he/she has complied with the 2 calendar month notice, the security deposit will be refunded by wire transfer within two (2) months of departure after deduction of the resident's debts and any other necessary deductions from the security deposit.

In case of cancellation of the housing application prior to 31 August 2020 by email or regular mail, the security deposit amount will be refunded.

2.3. Joint and Several Guarantee

A joint and several guarantee of the resident's legal representative or of any physical person having the legal capacity to enter into agreements is required by the Residence to ensure payment of the amounts due for the accommodation fees to be paid each month during the academic year. A deed of the joint and several guarantee to be returned completed and signed has been attached to this Agreement (Annex 1).

Article 3 - Duration of the Housing Agreement

Except in the event of early termination by either Party (see Article 4) by departure notice, the duration of the Housing Agreement shall run from the date of signing until 31 August of the current academic year. At the end of this period, the Agreement may be continued subject to the prior written renewal thereof granted by the residence for the following academic year.

If the resident wishes to benefit from the renewal of the housing agreement from 01 September of the following academic year, he/she must submit the application by 31 March of the current academic year.

Given the order of priority of the allocation of the housing, renewal of the Housing Agreement shall not be systematically granted by the residence. In fact, applications are taken into account based on their order of arrival according to the quotas fixed by the Board of Directors.

Residents who have not complied with the rules of this Agreement and the internal regulations of the Residence will not be accepted for the following academic year.

Article 4 - Termination of the Housing Agreement

4.1 - Termination of the Agreement by the Resident

The resident may leave the Residence subject to a two (2) month notice period. Departures must take place before noon by the 30th or 31st of each month. The rent for the two (2) month notice period is due even if less than 2 months notice was given.

A specific notice of departure form must be completed. It is available at the reception area. This form must be filed with the reception area or sent by email no later than the 30th or 31st of the current month and before midnight. **After this date the notice will be refused. Important! If notice is not given two months beforehand, the deposit will not be returned;** Thus, for a departure on 31 January, the resident must file the form referred to above at the reception area no later than 31 November by midnight. A photocopy of the form serving as acknowledgement of receipt shall be given upon request.

Once the resident has informed the residence of his/her desire to leave the accommodation the request may not be retracted. In fact, upon receipt of the departure notice his/her accommodation will be immediately reassigned to an applicant on the waiting list. However, the resident may be put on the waiting list to obtain another accommodation, but he/she will have no priority over the other applicants who are already registered.

They keys must be returned by the resident no later than the last day of the month **before 12:00 PM**. The resident may request mail forwarding by completing the respective form available at the reception area. The cost of this mail forwarding service is twenty Euros (€20) for six (6) months.

Upon departure, the resident must leave the accommodation in the same clean state in which it was received. A deduction from the amount of the security deposit may be applied (for non-emptied garbage cans, if the accommodation is unclean, failure to remove personal items, etc.) after the resident's departure.

The table of deductions that may be made against the amount of the security deposit shall be attached to the printed departure notice form.

The resident must empty the accommodation of his/her personal items by the date established in the aforementioned form prior to 12:00 PM.

The resident must pay all the amounts due in accordance with this Agreement.

4.2. Termination of the Housing Agreement by Management

Any resident whose conduct is contrary to the provisions of this Agreement and the internal rules and regulations of the residence will be called by Management who shall notify him/her to cease the conduct violating the rules and regulations of the Housing Agreement and internal rules and regulations.

If the resident continues to violate such rules, he/she will be notified by Management through a registered letter with acknowledgement of receipt or by a letter delivered in person against a signature informing the resident of the early termination of the agreement.

At the end of the period of three (3) days from receipt of the registered letter with acknowledgement of receipt, the resident must vacate the accommodation and remove his/her personal belongings before noon and must pay the full amount due in accordance with this Agreement.

Article 5 – Choice of Accommodation

5.1 Rules for the Assignment of Accommodation

Residence accommodation is assigned to students and interns according to the following rules:

1- Housing is granted primarily to “newcomers”, namely those who are attending Grenoble INP for the first time or who are pursuing their PhD at Grenoble INP, within the limits of the available openings; however, priority is given to students holding scholarships from the French Government;

2 - Within the limits of the available accommodation, students pursuing Bachelor or Master degrees are then accepted according to a quota set by the Board of Directors of the Residence, based on the order in which the completed applications are received.

3 - For renewals and changes of accommodation within the Residence, priority is also given to engineering students who contribute or have contributed to the Residents’ Association and/or one of the Residence Clubs (the media library, weight room, role playing, video club, etc.).

5.2 Accommodation Categories

The residence has eleven (11) categories of accommodation.

In his/her housing application, the student or intern applying for housing must specify his/her preferred choices by placing a number from 1 to 11 next to each accommodation category.

If he/she indicates only three (3) choices for example, and if there is no possibility of accommodation in said categories, he/she will then have access to the Residence only if there are later cancellations and his/her preferred choices are available. It is therefore advisable to define all the possible choices or preferences.

5.3. Requests for transfers from one accommodation to another

As of 01 October 2020, a new list of housing applications will be opened at the Residence's Secretary Office for residents who wish to change their accommodation. “Newcomers” shall still be given priority status in terms of the order of arrival of their application after their initial request.

Applications for renewals are processed according to the order of arrival of the renewal applications.

Subsequently, each resident may sign up at the Residence's Secretary Office to obtain another category of accommodation or to be moved to another location within the Residence depending on availability. Only 1 transfer is possible per Resident per academic year.

5.4. Changes of accommodation imposed by the Residence

The Residence may be forced - due to exceptional reasons such as the need to perform urgent works on the accommodation, technical issues affecting the building(s) or equipment, compliance with a renovation program involving the rooms, structure, or façades, etc. - to ask the resident to leave his/her accommodation and move to another of the same category if possible.

The Residence will inform the resident 7 days in advance by any means at its disposal (phone, a letter deposited in the resident's mailbox, e-mail, etc.). However, in the event of an emergency, the resident must relocate without delay and the Residence shall not be required to provide any notice in such cases.

If the resident unfairly refuses to leave the accommodation this shall result in early termination of the Agreement by the Residence.

If the amount due for the new accommodation offered to the resident is lower than that of the accommodation which he/she is leaving, the resident will be charged the amount of the new accommodation.

However, if the amount due for the new accommodation is greater, the resident will continue to be charged the amount of the previous accommodation until 31 May of the current academic year. After this date, the resident will be charged the amount corresponding to the new accommodation which he/she occupies.

If the new accommodation is not suitable for the resident, he/she may immediately apply for a change of accommodation and shall be given priority over other applicants.

With regard to studios for people with reduced mobility: in the event of a request for a studio for somebody with reduced mobility, an able-bodied student occupying this type of accommodation may be asked to move to another accommodation.

Article 6 – Financial conditions of the Housing Agreement

Each resident must contribute to the operating costs of the Residence and the continued provision of the housing service. In fact, the residence does not receive any subsidies. All amounts paid by residents are used to achieve this sole objective: to improve, maintain, preserve, and manage the Residence for the housing of current and future residents.

The amount of the housing fee is established each year by the Board of Directors of the Residence.

For the 2020/2021 academic year, the amount of the housing fee is as follows:

If payments do not go through (transfer, check), the penalty fees will be charged to the Resident according to the rates in force.

Students can begin to arrive on the 1st of the month starting at 2:00 PM. Every month started is due with the exception of the months of June, July, and August during which time the "summer rate" is applied and prorated. Arrivals starting from the last weekend of August will be billed by pro rata according to the monthly rate. The banking establishment debits rent payments on the tenth (10th) day of each month. A direct debit authorization form can be downloaded from the Residence's website or is available in the reception area. We strongly recommend that you opt for direct debit payments.

Checks (on the reverse side) or payments by electronic or wire transfer must include the letter of the building and the accommodation number in the form A999. If the Payer is not the resident, the names of the resident must also be mentioned and, for first-time residents, the reservation number corresponding to the month of arrival (ex: 01 Nov. 2020).

In case of delayed payment, a late fee of one (1) Euro (€) per day shall be charged from the 5th day of the month for those paying directly in the reception area.

Article 7 – Baggage Storage in the Months of June, July, and August

Baggage storage in June, July and August is only accepted for single rooms without shower or toilets. The room where the baggage shall be stored should be, to the extent possible, the room which will be re-rented the following school year. Residents who wish to benefit from this service may keep their accommodation by leaving their personal belongings therein while returning the keys to the reception area upon departure for vacation. A so-called "baggage storage" fee shall be paid. This baggage deposit storage will be reported in February with the renewal files corresponding to the monthly fee. The resident's personal belongings must be stored in boxes, suitcases, or trunks labelled with his/her name and the original accommodation number. (In the event of any necessary works, they may be temporarily moved to another room by the maintenance staff of the residence.)

With regard to rooms with two beds, studios, and one-bedroom and two-bedroom housing, residents will need to take their belongings to a room authorized for baggage storage. In September, they will be able to find an accommodation equivalent to their initial choice, subject to the condition that the relocation of the accommodation used for "baggage storage" to the chosen accommodation is done prior to noon on 31 Aug. 2020.

Article 8 – Mail

The resident is allowed to receive mail. However, the resident may not, under any circumstances, be domiciled at the residence as his/her primary or secondary residence, nor may he/she establish the residence as the domicile of any legal or natural person not residing there.

The resident may not accommodate children under the age of seventeen under any circumstances.

Article 9 - Insurance

The resident must prove that he/she holds a "multi-risk home insurance" policy covering civil liability, fire, water damage, theft, and damage to the furniture, door(s) and lock(s) of the accommodation. A valid insurance certificate must be provided by the resident upon arrival when receiving the keys to the unit.

If the resident fails to submit this certificate, he/she risks not being assigned the accommodation.

Article 10 – Exclusion of Liability on the part of the Association

The Association does not ensure the safety of any vehicles and cannot be held responsible for any thefts. Upon the resident's final departure from the residence and after he/she returns the keys to the reception area, any remaining objects and/or vehicles previously belonging to the resident shall be considered abandoned. The Association declines all responsibility in the case of theft in an accommodation not locked by the resident. We recommend that you do not leave any objects of value or large sums of money in the accommodation. The Association declines all responsibility in the case of theft.

Article 11 – Resident Association

There is an association of which students and interns/trainees residing at the residence are automatically members.

This association, which is distinct from the "Residence Houille Blanche de Grenoble INP" Association, elects its own Board of Directors which determines its membership conditions and the membership fee in particular.

The residents' association manages various activities such as the "video club", the "music club", the media library, the weight room, the library, etc.

Article 12 – Obligations of the Resident

All the provisions of this Agreement and the internal rules and regulations forming an inseparable part thereof are essential for the proper operation and functioning of the Residence.

They must therefore be strictly and expressly respected. Failure to comply with any one of these stipulations may result in the early termination of this Agreement if attempts by Management to remedy the situation prove unsuccessful. The student in question will be able to request an appointment with Management to assert his/her position. If the decision is upheld by Management, the resident must leave the Residence.

After leaving the Residence, the resident may submit an appeal against the decision made by Management to the Board of Directors of the "Residence Houille Blanche de Grenoble INP" Association, who shall make the final determination.

The Board of Directors usually meets in April and October.

The appeal to the Board of Directors of the Residence is non-suspensive.

Pursuant to Article 1103 of the French Civil Code, "Legally formed agreements serve as law for those who stipulate them" and the resident therefore agrees to strictly and unreservedly comply with the provisions of this Housing Agreement and the attached internal rules and regulations.

--

Rules of Conduct within the Residence

The Houille Blanche de Grenoble INP Residence includes private accommodation, common areas, and equipment made available to residents. Rules of conduct and usage result automatically. These internal rules and regulations are intended to specify the conduct expected of the residents in order to make their stay more pleasant.

1. Noise

The Residence is a place of work and rest. Each resident must therefore ensure that the noise level he/she produces is sufficiently moderated so as not to disturb others. As such, particularly noisy musical instruments are only allowed in music halls, piano rooms or party areas (Building F).
